We take care of others. It is what we do. For most of us, this is so much more than a job... it is a calling we answered long ago. Caring is who we were and what we did before this pandemic. And safely treating every health concern in each of our Lovelace facilities is what we’re committed to today. And what we’re committed to long after this crisis is over. We take care of others. It’s what we love.

### DINING

#### BAKERY
**FLYING STAR CAFE**
Oh ho, tasty pastries to be sure. Just sidling up to the glass protecting those delectable treats spurs instant spasms of craving and desire. It's about flavors like chocolate and sweetness but nothing too sweet. Flavors of cinnamon, toasting flours, melting butter and real vanilla have customers coming back for more.

**RUDY’S ‘COUNTRY STORE’ AND BAR-B-Q**
From the parking lot, your nose is inundated with the wood-fire smoke that turns mere meat into Rudy’s delicacies. Slow roasted over oak wood — that burns slower than mesquite — beef, pork and chicken is caressed with special dry spices that make your mouth water.

FLYING STAR CAFE
Of course, the all-natural Boulder Ice Cream is a treat, but it is the baked goodies that really carry the wow factor. Six different kinds of pies, including the diet-busting Rio Grande Mud Pie will tempt the palate and Raspberry Blackout Cake with chocolate mousse, raspberry puree and ganache, well my gosh indeed.

I am a chiropractor that works with anyone, any age. I take people back to the basics of making the body whole again. We need connection and touch and guidance and support. I’m here for that.

I’ve been a Chiro since 2005, worked in 3 states and now have found my forever spot in The heart of Corrales.

I belong to the ICPA and am Webster certified, as well as pursuing the full Certification by the Academy Council of Chiropractic Pediatrics (CACCP). I love my patients and the relationships we build. It’s a true partnership of wellness goals. We also offer massage along with chiropractic and I encourage other therapies as tools to the whole body connection.

We know that seeking any kind of healthcare right now can be scary, but the team at NMCC is here to make it as stress-free as possible. We offer safe, comprehensive care so that you can get the care you need without the risk you would face visiting a hospital-based clinic. Rely on our team for comprehensive cancer treatment, primary care and more, including:

- **Virtual and In-Person Cancer Consultations**: If you’ve experienced symptoms you’re worried may be cancer but don’t want to visit the hospital or wait to see your doctor, schedule a video visit or in-person consultation. We’ll answer your questions and assess whether you need to see an oncologist for follow up.

CONGRATULATIONS MARIA!
BEST DIVORCE ATTORNEY

We at Sutin, Thayer & Browne could not be more proud of our friend and colleague, Maria Montoya Chavez. Her collaborative style and calm, caring manner are as helpful as her deep knowledge of the law as she guides people through some of the toughest seasons of their lives. No wonder she was named the #1 Best Divorce Attorney by the Journal’s Reader’s Choice voters as well as Albuquerque Lawyer of the Year in two categories by Best Lawyers of America®.

Congratulations, Maria, for being selected by your peers and clients for these richly deserved honors.

### CARD DEALERS
**SANTA ANA STAR CASINO HOTEL**
When the cards fly or the dice bounce or the marble rolls, the dealers at Santa Ana Star Casino keep it real. Service with a smile, these dealers commiserate when the breaks favor the house and smile — maybe just a little — when the house takes a bit of a beating.

Albuquerque Journal READERS’ CHOICE
WINNER 2017 2018 2019

Locally Owned for 20 Years!
Anyone can say they give “Comprehensive Care”

We Actually Have the Designation

Promises Made
When we first began to build the UNM Comprehensive Cancer Center 21 years ago, we promised that we would build a state-of-the-art cancer research and cancer treatment facility for all New Mexicans. With 131 cancer physicians and 132 scientists, we have done just that.

Promises Kept
The most effective cancer treatments are grounded in science. We offer the best clinical care, based on cutting edge science discoveries, right here at home to everyone in our state. Our science, our care, and our clinical trials make us one of the top 3% of the nation’s cancer centers: we are one of only 51 Comprehensive Cancer Centers designated by the National Cancer Institute and the only NCI-designated cancer center in New Mexico.

Right Here
Our promise was to ensure that all New Mexicans would get the best cancer care, right here in our home state, surrounded by the friends and families who love them.

THANK YOU for naming us the Readers’ Choice for cancer care.
